ABOUT ME

I am a passionate and dedicated Computer Science graduate with hands-on experience in PHP, Laravel, JavaScript, and frontend frameworks like Nuxt.js and React. During my internship, I worked with MVC architecture, RESTful APIs, and Git in a collaborative team environment. I enjoy building user-friendly web applications and learning new technologies. I am eager to grow under mentorship, contribute to real-world projects, and become a valuable part of a professional software engineering team.
